

ISFORCOOP is Youth Corner of Youth Guarantee. The Youth Guarantee is a new approach to tackling youth unemployment which ensures that all young people under 29, whether registered with employment services or not, get a good-quality, concrete offer within 4 months of them leaving formal education or becoming unemployed.

The good-quality offer should be for a job, apprenticeship, traineeship, or continued education and be adapted to each individual need and situation.

Our service provides information, promotional and outreach activities, actions for web registration and support for the participation of young people
